What does an Immersion look like?

DAY LONG EXPERIENCES

In one day, we will discuss the roots of poverty and exclusion, meet folks with lived experiences of homelessness, and challenge harmful stereotypes.

OVERNIGHT EXPERIENCES

Overnight experiences include everything that happens in the day long experience, with additional opportunities to meet and dine with JOIN Staff and members of the community. There are also more opportunities for direct service work.

WEEK LONG EXPERIENCES

Week long experiences include everything that happens in the weekend experience, with more time to dive deeper into discussions about inequality. JOIN will invite speakers to talk about different topics with greater detail.

SUMMER PLUNGE 2020

The Plunge is a week long summer camp for students in high school. Stay tuned to JOIN social media for more information!

All Immersion experiences have their own level of financial contribution from the participants. Please contact immersion@joinpdx.org for more info
